

**AMENDMENTS TO THE SPECIFICATION**

**Please replace the paragraph bridging pages 7-8 with the following amended paragraph:**

With respect to the origin of the phospholipid to be used in the invention, it does not matter whether it is an extract from an animal tissue or an artificially synthesized product. It is desired to apply, as the phospholipid, a member selected from the group consisting of phosphatidyl ethanolamine, phosphatidyl ~~choline~~ choline, phosphatidyl serine, phosphatidyl glycerol, and derivatives thereof. Phosphatidyl ethanolamine is preferable, and L- $\alpha$ -phosphatidyl ethanolamine dioleoyl is more preferable.

**Please replace the first full paragraph on page 16 with the following amended paragraph:**

The polyacrylamide copolymer as used has the following structural formula.

(m and n each represents a repeating unit, and m/n is 1/4.)
